It should be noted that DEQ regulation prohibits land application on slopes exceeding five percent (5%), and sites with pH below 5.5 s.u. must be amended prior to land application. Sites approved in this application are subject to the provisions of Oklahoma City Sludge Management Permit No. 3555023 and Part IV of the OPDES Permits and should be made a part of the permanent record. Any change or deviation from the permit must be approved in writing by DEQ.
